Grade: Grade 1 · Mathematics

Picture Graphs & Favourite Things

Focus: Data · Picture Graphs · Interpretation

1. Ask 5 friends their favourite fruit and record it.

2. Draw a picture graph of apples, bananas, and oranges.

3. Which fruit got the most votes?

4. Which got the fewest votes?

5. How many total fruits were chosen?

6. Colour one more apple. What changes in the graph?

7. Write a question about your data.

8. How many more bananas than oranges?

9. If two kids switch to apples, what's the new total?

10. What fruit do you like best?

Tutoring Tip:

Use classroom surveys to make data collection meaningful and fun.
