

**Grade: JK · Science**  
**Worksheet: Nature Explorers**

**Focus: Seasons · Plants · Animals**

1. Look outside — what do you see growing?
2. Draw a tree in summer.
3. Circle animals that live in the forest.
4. What happens when it rains?
5. Match each animal to where it lives.
6. Draw the sun and a cloud.
7. What do plants need to grow?
8. Which season has snow?
9. Circle what you wear in winter.
10. Draw your favourite animal.

 **Tutoring Tip: Let children collect leaves or photos to discuss during lessons.**
